Oracle e-Business Suite

- **Oracle E-Business Suite Implementations.**

Lightning Mind's experts brings unequalled E-Business Suite experience across all of the Oracle core functional areas and business flows supported by Financial, Supply Chain, Manufacturing, CRM, HRMS and self-service applications. These senior-level experts bring a critical breadth of experience to our clients and ensure that Oracle's standard functionality is creatively leveraged to the greatest extent possible.

- **Application upgrades.**
- **Application re-engineering/enhancement.**
- **Customized training and knowledge transfer.**
- **Post-implementation support.**

Expertise in Oracle Data Warehousing

- **Administration**

A successful implementation cannot be achieved with effective functional team activities alone. The project success also relies on expert technical development resources and skilled E-Business Suite database administrators to provide the solid technical foundation necessary to support the applications, integrate the E-Business Suite with client legacy applications, and provide technical extensions where necessary to enhance standard functionality and meet unique client requirements.

The investment you make in Oracle Data Warehousing technology is often substantial, so you want to ensure you get the maximum return on investment on this technology. Lightning Mind Consulting work with clients in the banking, retail, education, government and other sectors to maximize the performance of their Oracle data warehouses, and in particular offers consulting services in the following areas:

- **Remote E- Business Suite/Database Administration**

Lightning Minds Remote Oracle Support services are an attractive outsourcing option for many reasons, and you are protected by USA privacy laws and our Oracle Certified remote support staff.

- **Application Implementation Methodology (AIM)**

Lightning Minds adheres to the Application Implementation Methodology (AIM), which was developed by Oracle Corporation to implement Oracle Applications.
